NEW YORK

OFFICE OF THE PRESIDENT

Dear Friend:

By acting at once you can get your full supply of first class Holland bulbs at lower prices than at any other time this year!

Not only will you make a big saving by placing your advance orders now, but you will be sure of securing just the varieties you want. And you will get your goods ahead of those who order later.

You can buy cheaper from us because we purchase in solid carload shipments--thus getting superior quality stock at unusually low quantity prices, and low transportation rates.

If you had taken advantage of this Advance Offer in previous years you would have saved as much as 20%. This year some varieties will cost at least \$10 per thousand higher in the fall than now.

But you must place your order now so that it can be forwarded to our Holland growers at once in order to reserve your stock before prices advance again--as they surely will. If we receive your order too late, I cannot guarantee to accept it at these special prices.

Don't wait for our August Wholesale Catalog. Prices are always higher in the late season. Protect yourself by early ordering. You can't lose--and you gain a lot. Quick action now means lower costs and bigger profits for you.

And by the way--

If you send check with order you are entitled to 3% cash discount.

So, look through the enclosed Money Saving Price List. And order at once so that you can cash in on this advance offer.

Cordially yours,

President

P. S. To make it easy for you to place your order in time to take advantage of these low prices, I am enclosing a convenient order form and return envelope.
